 Orange, New Jersey

PROGRAM PLANS

Sept. 19, 1951 - Our first meeting of the years was held at the Hospital for Crippled Children in Newark. After the committee reports and the report of our chief delegate to the National Convention, Signe Brunnstrom gave a very interesting account of her experiences in Greece last year. Anne Lawler and Olive Wortman were hostesses for the meeting.

Jan. 16, 1952-This meeting will be held at the Orthopaedic Hospital in Trenton. Charlotte Patterson is to be hostess. At the time of publication we have not yet received word just who will speak, but we know we can count on an interesting meeting and hope as many north Jerseyites as well as South Jerseyites will try to attend.
